Dear Sandy and Ubiquitous members,

Due to my ill health, would you please accept my resignation as organizer and chairman of U.P.C as from 1st December 2007. Could you please tell the members that I have enjoyed working with all my friends, and thank all the people who did voluntary work to keep us going since we started, not forgetting all the work that Joyce has done for us to help us achieve our current goals.

I hope you all carry on with the enjoyable outings and visits to various places of interest. I wish to stay as a member and will gladly give any help or advice that I am capable of.

I miss the visits and I miss working with you all but will try and continue to attend the meetings for as long as I can. Best wishes for the future,

Dave Watkin

P.s I am including a letter from Anne Moazzen, director of P.A.V.S, to be read out at the meeting.
